\* Instead of showing occupation of tourists and aliens in transit, state in column 6 whether they are "tourists" or "in transit."  
"Race or People" is to be determined by the stock from which aliens sprang and the language they speak. List of races will be found on back of this sheet.

1. *J. Potter* of the *Ethiopia* from *Q. Linn*, do solemnly swear, and truly believe that I have caused the surgeon of said vessel suffering herewith, or the surgeon employed by the owners thereof to make a physical and oral examination of each and all of the aliens named in the foregoing lists of *Manif. of Slaves*, 24 in number, and that from the report of said surgeon and from my own observation, I believe that each of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or otherwise a burden upon the community, or a dangerous contagion of disease, or is a person who has been convicted of a crime, or is a person who has been in the United States, or a prostitute, and that also, according to the best correct and true information I have

Strap to support the head.

Steamship companies should make the necessary inquiries of the authorities and corrections should be made, if necessary, by inspectors and customs officers during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

should be either Yes (Yes can read and write), No (No can neither read nor write), or Yes-No (can read but not write).

*Column 1 (Place of birth):* The entry is column 1 should be the country of which immigrant is a citizen or subject.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and managers.

For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

The term "Cuban" refers to the Cuban people (not Negroes).

"West Indian" refers to the people of the West Indies.

SPANISH-AMERICAN

descent. *Hispanic American* refers to the people of Central and South America of Spanish

and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 24 in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (Age).—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry in column 5 should be either M (male) or F (female).

Column 6 (Marital or single).—The entry in column 6 should be either M (married), S (single), W (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry in column 7 should describe as accurately as possible the occupation, trade, or profession. Each should be filled, for example, Civil engineer, stationary engineer, locomotive engineer, farmer, cutter, brass polisher, steel polisher, iron molder, wood molder, shoemaker, painter, etc., and not simply a farmer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmer* and *farm laborer* regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the owner who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupations: "In transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 8 (Ability to read and write).—Column 8 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 9 (Nationality).—Column 9 should be construed to mean the country of which immigrant is a citizen or subject.

Column 10 (Race or people).—The entry in column 10 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

### SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." The entry in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Column 11 (Last permanent residence).—The entry in column 11 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (By whom was passage paid).—The entry in column 14 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 15 (Whether in possession of \$20, and if less, how much).—The entry in column 15 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States, and if so, when and where).—The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 17 (Going to join relative or friend, and if so, what relative or friend).—The entry in column 17 should show whether going to join relative or friend; and if so, what relative or friend, with name and complete address.

Column 18 to 22.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

\* Instead of showing occupation of tourists and aliens in transit, state in column 6 whether they are "tourists" or "in transit."  
\*\* "Place of Birth" is to be determined by the ship from which aliens arrived and the language they speak. List of names will be found on back of this sheet.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, C. Potter, of the ETRURIA from LIVERPOOL, do solemnly, sincerely, and truly **SWEAR** that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigations I believe that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a contagious or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to become a laborer in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (Age).—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry in column 5 should be either M (male) or F (female).

Column 6 (Married or single).—The entry in column 6 should be either M (married), S (single), W (widowed), or U (divorced).

Column 7 (Country of nativity).—The entry in column 7 should describe as accurately as possible the occupation, trade, or profession, or business pursued, as for example: Civil engineer, stationary engineer, locomotive engineer, machine engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *officers* and *free laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the farmer who operates it.

Remuneration (wages) should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit." Those coming only from temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 8 (Able to read and write).—Column 8 is subdivided and the entries therein should be either Yes (can read and write), No (can neither read nor write), or Yes (can read but not write).

Column 9 (Country of birth).—Column 9 should be construed to mean the country of which immigrant is a citizen or subject.

Column 10 (Race or people).—The entry in column 10 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the peoples of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to that portion of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia and Embracina and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a dialect of the Italian language.

Column 11 (Last permanent residence).—The entries in column 11 should show the country, and city or town, of last permanent residence. It is important for statistical purposes that statements of permanent residence should show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States country of last permanent residence.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (By whom was passage paid).—The entry in column 14 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 15 (Whether in possession of \$50, and if less, how much).—The entry in column 15 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States; and if so, when and where).—The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year or period of years and place, as, 1884, St. Philadelphia.

Column 17 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27. The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

The possible role of the gut flora in the generation of the inflammatory response in the pathogenesis of rheumatoid arthritis has been extensively studied. A number of studies have shown that patients with rheumatoid arthritis have an increased prevalence of certain strains of bacteria, such as *Streptococcus*, *Staphylococcus*, and *Acetivibrio* [1-3]. In addition, the use of antibiotics in the treatment of rheumatoid arthritis has been shown to be effective in some cases [4, 5].

\*Instead of showing occupation of tourists and aliens in transit, state in column 6 whether they are "tourists" or "in transit."  
"Race or People" is to be determined by the stock from which alien sprang and the language they speak. List of races will be found on back of this sheet.

## Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, John A. ETRURIA, of the County of San Francisco, State of California, do solemnly, sincerely, and truly **SWEAR** that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifests, Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a venereal or dangerous contagious disease, or is a person who has been convicted of a felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

*Column 4 (Age).*—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

*Column 5 (Sex).*—The entry in column 5 should be male (M) under 10 or 12 females.

*Column 6 (Married or single).*—The entry in column 6 should be either M (married), S (single), Wd (widowed), or Div (divorced).

*(c) Job title (Craft or occupation).* The previous job should be described as accurately as possible, the occupation in trade or profession, e.g. 'Cablemaster', or as policeman, civil engineer, stationary engineer, locomotive engineer, steam fitter, brass polisher, steel polisher, iron moulder, wood turner, etc. If the job is simply a common polisher, moulder, turner, or other indefinite designation.

A distinction should be made between *commission* & *turnover* regardless of the amount of money shown, as follows:

A *turnover* is one who operates a turnm, rather for himself or others.

Steamship companies should make these stipulations on the manifests and corrections should be made, if necessary, by inspectors and register clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States, should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists," under head of occupation.

*Colman: "Able to read and write" = Colman, 1, says "can read and the entries therein should be either Yes = Yes (can read and write), No = No (can neither read nor write), or Yes = No (can read but not write)."*

Column 2 (*Nationality*).—Column 2 should be construed to mean the country of which immigrant is a citizen or subject.

Column 3 (*Race or people*).—The entry in column 3 should show the race or people.

as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully reviewed by inspectors and passport clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race in people and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

## CHAS.

The term "Cuban" refers to the Cuban people (and Negroes).

## WEST INDIAN

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

## SPANISH-AMERICAN

"Spanish-American" refers to the peoples of Central and South America of Spanish descent.

## VERHOFF, J. PLANCK.

"African blood" refers to the African Negro, whether coming from Africa or other islands of the West Indies, North or South America, Europe, or Africa. A person whose appearance indicates an admixture of Negro blood should be classified under this heading.

## JAVAN - NORTH

The people who are native to the basin of the River Po in northern Italy (i.e., compatriots of the famous Lombardy, Venetia and Friuli and their descendants, whether residing in Italy, Switzerland, Austria, Germany, among other countries) should be called as "Italians north." Most of these people speak a dialect of the Italian language.

## HALLAN, GORDON H.

The people who are native to that portion of the south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian" (cont.).

*Column 6: Last permanent residence.* The entries in column 6 should show the country, and why, on basis of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence, independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

(Column 11—Final destination). The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

*Column 2: (By whom the passage was paid).*—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of \$70, and if so, how much). The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

*Column D.* Whether ever before in the United States, and if so, when and where.

The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place (as, 1891-94, Philadelphia).

entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 1 to 5. The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

**Affidavit of Surgeon.**

I, W. W. Mackenzie, Surgeon of the ETHELIA SAILING THEREWITH, do solemnly, sincerely, and truly **SWEAR** that I have had 17 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of C. H. C. O. G. S. and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 29 in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

**Column 1 (Age).—**The return of age in column 1 should be expressed in years or months, the latter applying only to those under 16 years of age.  
**Column 2 (Sex).—**The entry in column 2 should be "M" for male or "F" for female.  
**Column 3 (Married or single).—**The entry in column 3 should be either "M" (married), "S" (single), "W" (widowed), or "D" (divorced).  
**Column 4 (Calling or occupation).—**The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien, as, for example: (W) engineer, stationary engineer, locomotive engineer, steam engine driver, for example; (P) painter, iron molder, wood turner, etc.; and not simply "engineer," "painter," "molder," "turner," or other indefinite designations.  
**A distinction should be made between foreign and alien laborers, regardless of the amount of money shown, as follows:**  
**A foreign laborer** is one who operates a farm, either for himself or others.  
**A farm laborer** is one who works on a farm for himself or others.  
**Seaman** companies should make the distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.  
**Aliens** intending to pass through and out of the United States should be recorded under head of occupation: "in transit," those coming daily for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.  
**Column 5 (Can read and write).—**Column 5 is subdivided and the entries therein should be either "Yes—Yes (can read and write)," "No—No (can neither read nor write)," or "Yes—No (can read but not write)."  
**Column 6 (Nationality).—**Column 6 should be construed to mean the country of which immigrant is a citizen or subject.  
**Column 7 (Race or people).—**The entry in column 7 should show the race or people as given in list on reverse side of alien manifest.  
**Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest should not necessarily mean "French" by race or people and nationality. "French" appearing on a manifest does not necessarily mean "French" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:**

**CUBAN.**  
The term "Cuban" refers to the Cuban people (not Negroes).  
**WEST INDIAN.**  
"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).  
**SPANISH-AMERICAN.**  
"Spanish-American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**  
"African (black)" refers to the African Negro, whether coming from Cuba or other island in the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classed under this heading.  
**ITALIAN (NORTH).**  
The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (north)."  
**ITALIAN (SOUTH).**  
The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."  
**Column 8 (Last permanent residence).—**The entries in column 8 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.  
**Aliens** who are permanent residents of the United States, and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.  
**Column 9 (Final destination).—**The entry in column 9 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.  
**Column 10 (Whether having a ticket to such final destination).—**The entry in column 10 should be either "Yes (ticket)" or "No (no ticket)."  
**Column 11 (By whom passage paid).—**The entry in column 11 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.  
**Column 12 (Whether in possession of \$20, and if less, how much).—**The entry in column 12 should give in each case (individual or family) the exact amount of money shown.  
**Money** brought by the head of a family should not be divided among the several members of the family.  
**Column 13 (Whether ever before in the United States; and if so, when and where).—**The entries in column 13 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as: "S. C. or Philadelphia."  
**Column 14 (Going to join relative or friend; and if so, what relative or friend).—**The entry in column 14 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.  
**Columns 15 to 22.—**The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Those intending to pass through and out of the United States should be processed under head of inspection as "in transit," those coming only for temporary sojourn in the United States, but not intending to pass through in transit, should be processed as "tourists" under head of inspection.

*Column 1: Able to read and write.* (Column 1 is headed and the entries therein should be either Yes, can read and write, No, No reading and/or writing, or Yes, No, can read but not write.)

*Question 3 (Nationality)* — Citizens is should be changed to mean the country of which immigrant is a citizen or subject.

*Column 9 (Race or people).* The entry in column 9 should show the race or people as given in list on reverse side of alien number.

Special attention should be used to the distinction between race and nationality; and

manifests should be carefully reviewed by inspectors and inspectors' clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by nationality, and "France" appearing on a manifest does not necessarily mean "French" by country of origin.

race or people and nationality. "From the appearance of a passport does not necessarily mean "France" by nationality. An alien who is made citizen of Hebrew by race might properly come under the heading of "Jews" depending on any other country by nationality. In this connection the following distinctions should be specially observed:

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN

"Spanish-American" refers to the people of Central and South America of Spanish descent.

\*Instead of showing occupation of tourists and aliens in transit, state in column 6 whether they are "tourists" or "in transit."  
†"Race or People" is to be determined by the stock from which aliens sprang and the language they speak. List of races will be found on back of this sheet.

**Odyssey 1 (1.1)**—The return of age in the form of a young man, the shipwrecked Polyphemus, to his father, the aged Cyclops, is a metaphor for the return of the father-son theme to the play. The Cyclops is a symbol of the father-son theme, and the shipwrecked Polyphemus is a symbol of the father-son theme. The Cyclops is a symbol of the father-son theme, and the shipwrecked Polyphemus is a symbol of the father-son theme.

Stepped-pipe companies should make good at least on the first 100 feet, and, if more tests should be made, I necessarily, by implication, have to say that the present recommendation of alien attitudes.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming to the United States to reside in the United States, but not intending to pass through to another country, should be classed as "immigrants."

Yea: No (can read but not write)

*Columnar* = (Nationality). Columnar should be construed to mean the country of which insurgent is a citizen or subject.

*Column 7: Race or people.* The entry is under the heading "how the race or people as given in list on reverse side of alien manifest."

Special attention should be paid to the distinction between sex and nationality, and manifests should be carefully revised by inspectors and clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by

race of people, and finally, "French" appearing on a passport does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinction should be especially observed:

The term "Cuban" refers to the Cuban people (not Negroes)

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes)

"Spanish-American" refers to the people of Central and South America of Spanish descent.

"African Child," reported to "Victim Ningo" who has come to the Club and other islanders the W. C. T. U. News, a South African Journal, at Africa. Africa, a newspaper, interpreted indicates an attitude of N. C. Club should be organized under this name.

The people who are often called "Indians" are the *Mestizo* of the northern half of the country, descendants of the Spaniards who arrived in the 16th century. The *Mestizo* are the people who are often called "Indians" in the northern half of the country. The *Mestizo* are the people who are often called "Indians" in the northern half of the country. The *Mestizo* are the people who are often called "Indians" in the northern half of the country.

The people who are native to that portion of Baja south of the basin of the River Colorado, comprising all of Lower California, the Mexican Peninsula, and the Yuma and Mohave Campagnes, Arizona, Sonora, California, Nevada, and Chihuahua and their descendants should be designated "Indian south."

*Column 4: Last permanent residence.* All countries in return should show the country, as they do, in the list permanent residents. It is important to state and propose that "citizenship" companies, as already shown, a list of last permanent residence, independent of nationality of temporary, as the indication, of page.

Albans who are permanent residents of the United States and are returning from a visit abroad, should be vaccinated or immunized in United States for country of last permanent residence.

*Column 7: Fiscal destination.* The entry in column 7 should show, where applicable, the place (city or town) of fiscal destination, if within the United States; country, if outside.

Column 12's *other* having a check to *select the destination*. The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 4. (By whom was passage paid).—The entry in column 4 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of \$50, and if less, how much). The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

*Column 15* Whether ever before in the United States; and if so, when and where.

The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year or period of years and place (as, 1894-97, Philadelphia).

entry in column 16 should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 17 to 27. The answers in these columns are subject to revision by any immigration officer in the examination of aliens.

U. S. IMMIGRANT INSPECTOR.

\*Instead of showing occupation of tourists and aliens in transit, state in column 6 whether they are "tourists" or "in transit."  
†"Race or People" is to be determined by the stock from which aliens sprang and the language they speak. List of races will be found on back of this sheet.

## Affidavit of the Master or Commanding Officer, or First or Second Officer.

of the **ETHURIA** from **LIVE...** do solemnly, sincerely, and truly **SWEAR** that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing lists or Manifests, and to make the same in numbers, and that from the report of said surgeon and from my own investigation, I believe that each of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a contagious or dangerous contagious disease, or is a person who has been convicted of a felony or other crime or misdemeanor, or is an alien, or a pauper, or a polygamist, or an adulterist, or under promise or agreement to expose or employ any alien laborer in the United States, or a prostitute, and that also, according to the best of my knowledge, and belief, the names in said lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

*Column 7 (Age).*—The return of age in and under 12 years expressed in years or months, the latter applying only to those under 12 years of age.

*Column 7, Sex.*—The entry in column 7, line 1, of the M, F, or F, female.

*Column 7, Married or single.*—The entry in column 7, line 2, of the M, married, or F, single, Wid, widowed, or D, divorced.

ately as possible the occupant in front of a person. The least desirable is, for example, Civil engineer, stationary engineer, boiler maker, turner, carpenter, painter, plumber, steel joiner, iron molder, wood turner, etc. and the simplest is, for example, painter, molder, turner, another indefinite designation.

A distinction should be made between *Fireman* and *Fire laborer* regardless of the position.

amount of money shown, as follows:

- a *firm* is one who works for a firm, either as an employee or as a partner;
- a *firm balance* is one who works on a firm's balance sheet or on its profits.

Stations or companies should make this list available to the public, and corrections should be made, if necessary, by inspectors and reporters, before the personal examination of applicants.

Also, entering, passing through and out of the United States, land, by sea or air, under the United States flag, "in transit" to the country of destination, is not prohibited under the United States flag, but not intending to pass through "in transit" should be classed as "tourists" under head of occupation.

*Column 1. Able to read and write.*—Column 1 is to be filled based on the entries therein should be either Yes—Yes, can read and write, No—No, cannot read and write, or

*Columbo's Nationality*—Column 8 should be so titled as to mean the country of which immigrant is a citizen or subject.

*Columbo's Race or people*—The entry in column 8 should show the race or people as given in list on reverse side of alien register.

Special attention should be paid to the distinction between race and nationality, and

manifestos should be carefully revised by inspectors and reporters alike in this regard. For instance, "France" appearing on a manifest of a "French" "soldierman" (French) by race or people and similarly, "French" appearing on a manifest of a manifest does not necessarily mean "France" by nationality. An alien whose first, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

SPANISH-AMERICAN

“Spanish-American” refers to the people of Central and South America of Spanish descent.

**Affidavit of Surgeon.**

I, A. W. Mackenzie, Surgeon of the STRUTIA, do  
solemnly, sincerely, and truly **SWEAR** that I have had 17 years' experience as a Physician  
and Surgeon, and that I am entitled to practice as such by and under the authority of  
A. T. L. & Co. Ltd., and that I have made a personal examination of  
each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 30 in number, are, according  
to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical  
condition of such aliens.

\*Instead of showing occupation of tourists and aliens in transit, state in column 6 whether they are "tourists" or "in transit."

†"Race or People" is to be determined by the stock from which aliens sprang and the language they speak. List of races will be found on back of this sheet.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

**J. Porter**  
COMMANDING OFFICER.

Sworn to before me this 17th day of May, 1901.

Subscribed and sworn to before me at this place, to-wit: **Immigration Office**.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

**Column 1 (Age).**—The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 2 (Sex).**—The entry in column 2 should be "Male" or "Female."

**Column 3 (Married or single).**—The entry in column 3 should be either "Married," "Single," "Widowed," or "Divorced."

**Column 4 (Calling or occupation).**—The entry in column 4 should describe as accurately possible the occupation, trade, or profession of the alien, as, for example: Civil engineer, stationary engineer, domestic servant, house painter, steam fitter, steel painter, iron molder, wood turner, etc., or last company, occupation, position, holder, farmer, or other individual designation.

A distinction should be made between *former* and *present* occupations, regardless of the amount of money shown in column 14.

A *former* is one who has been in the United States for a long time, but is now engaged in a different occupation.

Steamship companies should make this distinction between the manifest and the return, and should be made if necessary by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 5 (Place of birth and date of birth).**—Column 5 should be filled in the return should be either "Yes" or "No" and whether "Yes" or "No" should be written, or "Yes" or "No" should be written, or "Yes" or "No" should be written.

**Column 6 (Nationality).**—Column 6 should be concerned to mean the country of which immigrant is a citizen or subject.

**Column 7 (Race or people).**—The entry in column 7 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "English" appearing on a manifest does not necessarily mean "English" by nationality. An alien who is Irish, German, or Italian by race might properly come under the heading of United Kingdom, or any other country by nationality. In this connection the following distinctions should be especially observed:

- CUBAN.**  
The term "Cuban" refers to the Cuban people (not Negroes).
- WEST INDIAN.**

For instance, "France" appearing on a postage stamp or passport is not "French" in the sense of race or people, and similarly, "French" appearing on a postage stamp does not necessarily mean "France" as nationality. An alien who is not, for example, a Hebrew by race might properly come under the heading of United Kingdom or any other country of nationality. In this connection the following distinctions should be specially observed:

"West Indian" refers to the people of the West Indies other than Cuba (not Ne-

SPANISH-AMERICAN

"Spanish-American" refers to the people of Central and South American descent.

"Admiral Island" refers to the *Admiral* group, whether coming from England or other islands in the West Indies, America or South America. Hence, the Admiralty Association of the Department of Immigration and Customs of New Zealand should be classified under this heading.

STALLEN, NORTH

The people who are natives of the east of the River Plate in northern Italy are called *nordestini* (north of the River Plate), and those who live in the southern lower part, without frontiers, are called *sudisti* (south). A common name for the country, then, is the classical *Italia* (Italy). Most of them are the people of the center of the Italian language, as "Italian" (north).

TOTALS.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, E. Woldersdorf, Master of the S.S. Brandenburg, from Germany, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age).—The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex).—The entry in column 2 should be either M (male) or F (female).

Column 3 (Married or single).—The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4 (Calling or occupation).—The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arriving, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it. Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 5 (Able to read and write).—Column 5 is subdivided and the entries therein should be either Yes—Yes (can read and write); No—No (can neither read nor write), or Yes—No (can read but not write).

Column 6 (Nationality).—Column 6 should be construed to mean the country of which immigrant is a citizen or subject.

Column 7 (Race or people).—The entry in column 7 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

AFRICAN (BLACK).

"African (Black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classed under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (North)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (South)."

Column 8 (Last permanent residence).—The entries in column 8 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 9 (Final destination).—The entry in column 9 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 10 (Whether having a ticket to such final destination).—The entry in column 10 should be either Yes (ticket) or No (no ticket).

Column 11 (By whom was passage paid).—The entry in column 11 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 12 (Whether in possession of \$20, and if less, how much).—The entry in column 12 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 13 (Whether ever before in the United States; and if so, when and where).—The entries in column 13 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place (e. g., Philadelphia).

Column 14 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 14 should show whether going to join other a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 15 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

I, Dr. Sedlmayr, Surgeon of the S.S. Brandenburg, sailing thence, do solemnly, sincerely, and truly swear that I have had eight years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of the Government of the State of Prussia, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, E. W. Wellerhoff, Master of the S.S. Brandenburg, from Baltimore, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply workman, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit." Those coming only from temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11-1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classed under this heading.

ITALIAN (NORTH).

The people who are native to that portion of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Veneto, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (North)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (South)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens whose permanent residence is in the United States and are returning from a visit abroad, should be recorded on manifests as "United States for country of last permanent residence."

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of \$20, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place (as, 1894-95, Philadelphia).

Column 16 (Money to join relatives or friends; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

*Column 4 (Age).* The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

*Colony:* (Sear) — The entry in column 4 should be either M (male) or F (female).  
*Colony:* (Married or sired) — The entry in column 5 should be either M (married)

*Column 5: Married or single.* The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

*Column 5 (Calling or occupation).*—The entry in column 5 should describe as accurately as possible the occupation, trade, or profession. Inclusion of arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown as flows.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Alien intending to pass through and out of the United States should be recorded under head of occupation as "in transit" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

*Column 7: Able to read and write.* Column 7 is subdivided and the entries therein should be either: 4= Yes (can read and write); 5= No (can neither read nor write), or Yes= No (can read but not write).

*Column 8: Race or people.*—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifestos should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifesto does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifesto does not necessarily mean "France" by nationality. An alien who is Irish, German, or Holbrek by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Unban" refers to the Unban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South American Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basins of the River Po in northern Italy (i.e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian/northern." Most of these people speak a dialect of the Italian language.

ITALIAN SOUTH

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descend-ants should be classed as "Italian (southern)."

*Column 7: (Last permanent residence) =* The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that ownership companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

*Column 11 (Final destination).—*The entry in column 11 should show definitely the

place (city or town) of final destination.

Column 12: *Whether having a ticket to such final destination.*—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (*By whom was passage paid?*). The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of \$50, and if less, how much). The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place: as, 1893-07, Philadelphia.

before; and if so, the year (or period of years) and place; as, 1894-95, Philadelphia.

Column 16. (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 22.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

## Affidavit of the Master or Commanding Officer, or First or Second Officer

I, G. Hollingsworth, Master of the S.S. Arcturion, from Bremen, do  
solemnly swear, sincerely and truly declare, that I have caused the surgeon of said vessel sailing therewith, or the surgeon  
employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the

investigation, I believe that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public  
charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a  
felony or other crime, or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or  
agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best  
of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is  
correct and true in every respect.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

*Column 1 type*—The rotatory stage on column 1 should be exposed in year 1 months, the latter applying only to those under 1 year of age.

*Column 2, Stage*—The entry number 1 should be either M, male, or F, female.

*Column 3, Weights in grams*—The average column 3 should be either M, mature, S, sample, W, I, and/or A, and/or S, and/or A.

*Calculus* = *Calculus of Variations*. The theory of calculus could develop as much as possible the computational and computational tools of calculus for solving ODEs and stationary equations, as well as numerical methods, and then, by analogy, study the non-stationary equations and the computational methods of the partial differential equations.

A linear combination of the first  $n$  columns and  $n$  rows of the reduced matrix is zero, as follows:

1. *Some people who operate a farm, suffer, not himself or others.*  
 1. *Some farmers who suffer, are a farm, but the man who operates it.*

Should the companies change their stance regarding the institutions and countries, it would be useful if necessary, by means of an "anti-greenwashing" the personal saving motives of the company.

Visas intended to pass through the under level of immigration in the United States, helpful to political groups, and to the international community.

the latter, states, but not "interim" positions, in demand, should be classed as "vacancies" under head of occupation.

Can you read and write? Column 1: masculine and the entries: *Yes*, *Yes, can read and write*, *No*, *No, can neither read nor write*, or

<sup>10</sup> *Country Nationality*. Column 8 should be construed to mean the country of which the respondent is a citizen.

*Example: Race or people.* The entry in column 9 should show the race or people described in the record, such as *Asian American*.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard.

For instance, "Frane" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily

mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by

In this connection the following distinctions should be specially observed:

The term 'Cuban' refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN

"Spanish-American" refers to the people of Central and South America of Spanish descent.

\* Instead of showing occupation of tourists and aliens in transit, state in column 6 whether they are "tourists" or "in transit."  
"Race or People" is to be determined by the stock from which aliens sprang and the language they speak. List of race will be found on back of this sheet.

I, Dr. Lednago, Surgeon of the Dr. Brandenburg, entering thereto solemnly, sincerely, and truly swear that I have had eight years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of the Government of Prussia, of the King of Prussia, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, in number, are, according to the best of my knowledge and belief, full, correct, and true, in all particulars, relative to the mental and physical condition of such aliens.

LIST OF RACES OR PEOPLES.

*Calanus* - *Apes*. - The volume of age in analysis, should be representative of ages in months, the latter applying to the 3000 and for 1 year of age.

*Calanus* - *Sexes*. - The ratio of males should be either M. male or F. female.

*Calanus* - *Weighted or sample*. - The ratio of male to female should be either M. male or F. female.

*Education: training or preparation.* The entry in column 6 should describe as fully as possible the occupation, trade, or profession of each individual listed in sample. (Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc.) and not simply a function, polisher in the turner, or colorizer in the haircolorer.

A distinction should be made between *unassessable* *turns taken* or *regarded* and the amount of money shown, as follows:

Second, prepositional phrases should function as determinators on the main verb and connectors should be made, if necessary, to separate and register verbs during the personalization of the animals.

Almost everything to pass through and out of the United States should be recorded under head of "occupation as in transit." These include, of course, temporary exports to the United States but not returning to pass through in transit, should be classified "foreign use" under head of "occupation."

**Column 1** (read and write) The entries should be: Yes, Yes, can read and write; No, No, neither read nor written; Yes, No, can read but not write.

*Country* = (Automaticity). Column 8 should be constructed to mean the country of which immigrant is citizen or subject.

*Country* — *Race or people* — The entry in column (8) should show the race or people as given in 1.1.1. on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifest should be carefully reviewed by inspectors and registry clerks in this regard.

manifest—could be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or nationality and similarly, "French" appearing on a manifest does not necessarily

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN

<sup>1</sup> "Spanish-American" refers to the people of Central and South America of Spanish descent.

As to the "Mixed" races, to the African Negro, whether coming from Cuba or other islands, the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this category.

The people who migrate to the banks of the River Po in northern Italy are, comparatively, Piedmontese, Lombardy, Venetian, and Emilian and their descendants, whether residing in Italy, Swiss, French, Austrian-Hungary, or any other country. They are classed as "Italians" and not "Italians of Italy." Most of these people speak a Gallic dialect of the Italian language.

The people whose native territory is in the south of the Bay of the River of the compartments of Laguna, Tuzary, the Marabá, Untava, Romé, the Abano, and Maibo, Campesina, Apidra, Easchaba, Calabua, Sava, and Sardina, and their descendant sets, could be classified as Indian, south.

*Outcome: First permanent residence.* The entries in column 1 should show, consistently, and only in form of last permanent residence. \* Instead of showing occupation of tourists and aliens in transit, state in column 6 whether they are "tourists" or "in transit".  
1. Race or People is to be determined by the stock from which aliens sprang and the language they speak. List of races will be found on back of this sheet.

**Affidavit of the Master or Commanding Officer, or First or Second Officer.**

I, W. H. H. H. H. H. H. of the **BRANDENBURG**, from Germany, do solemnly, sincerely, and truly declare that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

*Column 3, Age.*—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

*Column 4, Sex.*—The entry in column 4 should be either M (male) or F (female).

*Column 5, Marital or single.*—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

*Column 2. Alien occupation.* The entry in column 2 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example, Chinese cook, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, etc., or as industrial designer, etc.

A distinction should be made between *retinues* and *farm incomes* regardless of the amount of money shown, as it follows:

*Retinue* is one who operates a farm, either for him- (it or others) or *farm income* is one who works on a farm for the man who operates it.

Second, the computer should make this distinction on the manifests, and corrects show, if needed, if necessary, by inspectors and registry clerks during the personal examination of the manifests.

\* Those intending to pass through and out of the United States should be recorded under head of occupation as "in transit"; those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 is subdivided and the entries therein should be: Yes, Yes can read and write; No, No can neither read nor write; or Yes, No can read but not write.

*Country of Nationality*. Column 8 should be construed to mean the country of which individual is a citizen or subject.

*Color, race or people*. The entry in column 9 should show the race or people as given in the obverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people and should only be French language or a nationality, like "not a French citizen."

race or people, and similarly, a French 'appearing on a manifest' does not necessarily mean, in France, by nationality. An alien who is Irish, German or Hebrew by race might possibly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be especially observed:

The term "Urban" refers to the Urban people, not Negroes.

<sup>a</sup> "West Indian" refers to the people of the West Indies other than Cuban (not Negroes).

Spanish-American" refers to the people of Central and South America of Spanish.

Spanish-American" refers to the people of Central and South America of Spanish descent.

### Affidavit of Surgeon.

I, Dr. Hedlmayr, Surgeon of the 2d. Brandenburg, riding thunder regt., do solemnly, sincerely, and truly swear that I have had eight years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of the Governments of Germany, & of the States of Prussia, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

[illegible]

Some of the most important of these are:

1. *Generalization* – the extent to which the results of a study can be generalized to other situations.
2. *Internal validity* – the extent to which the results of a study can be attributed to the independent variable, rather than to other factors.
3. *External validity* – the extent to which the results of a study can be generalized to other situations.
4. *Construct validity* – the extent to which the results of a study can be attributed to the independent variable, rather than to other factors.
5. *Statistical validity* – the extent to which the results of a study can be attributed to the independent variable, rather than to other factors.

These five criteria are used to evaluate the quality of research. They are not mutually exclusive, and a study may be strong in some and weak in others. For example, a study may have high internal validity but low external validity, or it may have high statistical validity but low construct validity.

It is important to understand these criteria when evaluating research, as they help to determine the extent to which the results of a study can be trusted and applied to other situations.

Special attention should be paid to the distinction between race and nationality and nationality should be considered to be properties and respective marks in the racial, physical and cultural characteristics of the subject (see item 10, paragraph 1, of the Declaration of the League of Nations). People of the same race may be of different nationalities. People of different races may be of the same nationality. An alien who is Irish, German, or Hungarian by race might properly come under the heading of United Kingdom or any other country by nationality. But in connection with the following distinctions should be specially observed:

CUTAN

The term 'Cuban' refers to the Cuban people (not Negroes).

WEST INDIAN

to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN

refers to the people of Central and South America of Spanish

1. The first step in the development of a new product is the identification of a market need. This is often done through market research, which can be conducted in a number of ways. One common method is to conduct surveys of potential customers, asking them about their needs and preferences. Another method is to observe how people use existing products and identify areas for improvement. A third method is to consult with experts in the field, such as scientists or engineers, who can provide insights into new technologies and their potential applications. Once a market need has been identified, the next step is to develop a concept for a new product that addresses that need. This often involves brainstorming and prototyping, where a rough model of the product is created to test its feasibility. The final step in the development process is to create a detailed design and plan for the production of the new product. This involves specifying the materials, components, and processes that will be used to manufacture the product, as well as determining the cost and timeline for production. Once the design and plan are complete, the next step is to build a prototype and test it thoroughly to ensure it meets the required specifications and performs as expected. Finally, once the product has been tested and approved, it can be manufactured and distributed to the market.

Overall, the frequency of use of the word 'politics' in the newspaper columns is considerably higher than in the other popular magazines. This is due to the fact that the newspaper columns are published daily, while the other magazines are published weekly or monthly. The frequency of use of the word 'politics' in the newspaper columns is also higher than in the other popular magazines because the newspaper columns are more likely to contain news and information about current events and politics.

A direct relationship between  $\text{HCO}_3^-$  and  $\text{H}_2\text{O}$  is implied in the formation of the  $\text{HCO}_3^-$  ion as follows:

Stamen and pistil are shown in longitudinal section. The stamen is on the left and the pistil on the right.

Approximate values for  $\alpha$  and  $\beta$  for the 1000 states should be computed under the two assumptions as mentioned. Consequently, with the alternative statistical distribution, the two quantities have not increased by the same intensity as "input" classed as "closed" as

Special attention should be paid to the distinction between race and nationality, and

manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "Franco" appearing on a manifest does not necessarily mean "French" by the ship's nationality. "French" appearing on a manifest does not necessarily

race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by

nationality. In this connection the following distinctions should be specially observed:

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

refers to the people of the West Indies other than Cuba (not Negroes).

"American" refers to the people of Central and South America of Spanish

"African-Black" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, Northern or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

The people who are subject to the control of the River Po are, in Italy, the same partisans of Lombardy, the Veneto, and Emilia, and the other provinces, which the neighboring Italian States and Austria have successively annexed, and the Slavians, as Italian north. Most of these peoples have a more Slavonic than Italian origin.

The people were also made aware of the importance of Puy as a central theme in the Republic's development, and the importance of language. In doing this, the Ministry of Education, through the Ministry of Masses, Campaigns, and Propaganda, the National Calendar, Songs and Songs, and the National Anthem, should be considered as the main goal.

Also, the  $\mathcal{L}_1$  norm of the  $\mathbf{A}$  and  $\mathbf{B}$  of the 1 nearest stations should be bounded under known conditions. For example, if the stations are uniformly distributed then the  $\mathcal{L}_1$  norm should be bounded by the perimeter of the triangle formed by the four points, and the  $\mathcal{L}_2$  norm should be bounded by the diameter of the triangle.

The model will contribute to the basis of the River Basin Councils in Italy, by providing information on the management of water and the environment, and on the management of the water resources. The model will also be used by the Italian Government, the Italian Ministry of Agriculture, the Italian Ministry of the Environment, and the Italian Ministry of the Interior. Most of the model's parameters are derived from the Italian Government.

The project was a department of the Institute of Technology at the University of the River Plate. The participants used a personal computer (Toshiba 486) to generate the stimuli. The stimuli were played through a 16-bit digital-to-analog converter (National Instruments) and a 16-bit digital-to-analog converter (National Instruments) and a 16-bit digital-to-analog converter (National Instruments).

the language, so that, but not extending to the past, the word "to read" is used in the "negative" sense, it would be so in all cases.

as given in list (ii) previous, cannot be manifest

Special attention should be paid to the distinction between the "manifestations" and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by the same token, and "French" appearing on a manifest does not necessarily

race or people, and, finally, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection, the following distinctions should be specially observed:

CUBAN.

WEST INDIAN.

refers to the people of the West Indies other than Cuba (not Negroes).

"Hispanic" refers to the people of Central and South America of Spanish descent.

The results of the study on the impact of the 1997-1998 Asian financial crisis on the participation of women in political parties in the Czech Republic are summarized in Table 1. The results are striking. Sixty per cent of the women interviewed in 1997-1998 were in political parties, compared to 45 per cent in 1994-1995. The increase in the number of women in political parties was not only in the number of women in political parties, but also in the number of women in political parties who were active in the party. The number of women in political parties who were active in the party increased from 30 per cent in 1994-1995 to 45 per cent in 1997-1998. The number of women in political parties who were active in the party increased from 30 per cent in 1994-1995 to 45 per cent in 1997-1998.

*Confession: Able to read and write.* Confession is subdivided and the answers therein should be either: Yes, Yes, can read and write; No, No, can neither read nor write; or Yes, No, can read but not write.

Column 8 should be construed to mean the country of which mining interest is a citizen or subject.

*Caption: Race or people.*—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and agents should be especially careful in instructing and recording clerks in this regard.

manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "Franco" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In the connection the following distinctions should be specially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN

"Spanish-American" refers to the people of Central and South America of Spanish descent.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

[illegible]

Should any situation develop which affects the national interest, and some action should be taken, it is suggested, by steps personnel involved in the personnel's Staff Division of those offices in the United States should be recorded.

Whereas defendants who pass through and are not arrested by the police are treated as "transients" under local immigration law, those who are arrested upon temporary detention in the United States, but not intended to pass through in transit, should be classed as "aliens in transit."

Chinese: *Abi* 'to read and write'. (Column 1) is uneducated and the answer thereon should be negative. Yes, Yes, can read and write. No, No, can neither read nor write. or Yes, Yes, can read but not write.

*Column 1: Nationality.* Column 1 should be construed to mean the country of which immigrant is a citizen or subject.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard.

For instance, "French" appearing on a manifest does not necessarily mean "French" by nationality. An alien who is Irish, German, or Hebrew by true name - "France" by nationality. An alien who is Irish, German, or Hebrew by true name - "France" by nationality. An alien who is Irish, German, or Hebrew by true name - "France" by nationality.

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

SPANISH-AMERICAN

descent. "Spanish-American" refers to the people of Central and South American descent.

"African-Black" refers to the African Negro, whether coming from Cuba or other  
 relations of the West Indies, North or South America, Europe, or Africa. Any alien whose  
 appearance indicates an affinity with the Negro race should be classified under this  
 heading.

The purpose of the present study is to investigate the effects of these three questions, individually and together, on the accuracy of the estimates and on the number of estimates obtained.

partitions within the Highlands should be based on the same criteria as those used in the lowlands. In particular, the 'tribe' should be classified according to the dominant language spoken in the area, and not on the basis of the dominant language of the dominant group in the area. Most of the people speaking 'tribe' languages in the Highlands are of Indian origin.

LIST OR MANIFEST OF ALIEN PASSENGERS FOR THE U. S. IMMIGRATION OFFICER AT PORT OF ARRIVAL.

Required by the regulations of the Secretary of Commerce and Labor of the United States, under Act of Congress approved March 3, 1907, to be delivered to the U. S. Immigration Officer by the Commanding Officer of any vessel having such passengers on board upon arrival at a port in the United States.

8. State the name of the vessel having such passengers on board upon arrival at a port in the United States.

8. State the name of the vessel sailing from Bremen on May 7th, 1907, arriving at Port of New York, 1907.

**NOTE.** - This slip must be attached to the right side of each manifest of alien passengers, Cat. Nos. 500, 500-A, and 500-B, and the information indicated by the headings given by the masters of vessels.

[illegible]

\* Instead of showing occupation of tourists and aliens in transit, state in column 5 whether they are "tourists" or "in transit."  
"Race or People" is to be determined by the stock from which aliens sprang and the language they speak. List of races will be found on back of this sheet.

gunst, or an anarchist, or under promise or

evening each of said aliens named therein is

\* State whether Master, First or Second copy.

Immigration Officer

Affidavit of Surgeon.

1. *Dr. Geddinago*, Surgeon of the *88 Brandenburg*: calling *Herrnith*, do solemnly, sincerely, and truly *swear* that I have had *eight* years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of the *Government of Germany & of the States of Prussia*, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

*Signed* to before me this                      day of                      190

*Immigration Officer.*

\* State whether Surgeon "sailing there with" or "employed by owners the reef," as the case may be.

## LIST OF RACES OR PEOPLES.

*Chilodactylus*. *longus*. The return in column 1 should be 12 months, the last, appearing only in column 1, year 1900.

*Chilodactylus*. *setosus*. The return in column 1 should be under M. 1900, not 1901.

*Chilodactylus*. *brevipinnatus*. The return in column 1 should be under M. 1900, not 1901.

*Sesamia*. *Wied.* enclosed in parentheses.

[illegible]

A distinction should be made between *transmission* (copy of data) and *translation* (interpretation of data), as follows:

Let  $\mathcal{C}$  be a category. A *functor*  $F$  from  $\mathcal{C}$  to  $\mathcal{D}$  is a mapping from the objects of  $\mathcal{C}$  to the objects of  $\mathcal{D}$  and from the morphisms of  $\mathcal{C}$  to the morphisms of  $\mathcal{D}$ , such that  $F(fg) = F(f)F(g)$  and  $F(1_A) = 1_{F(A)}$ .

So, in this comparison, the *in vivo* and *in vitro* data are in good agreement. The *in vitro* data indicate that the amount of oxygen available for the growth of *M. luteus* is 10–15% of the amount available during the *in vivo* experiment.

Also, according to press through-out out of the United States should be regarded with a great opportunity in that, those countries, but it is not a matter in the United States, but not intended to pass through the forest, should be done in some of the kind of measures.

Column 1 is subdivided and the entries therein should be: (a) Yes; You can read and write; (b) No; You can neither read nor write; or Yes; No; can read but not write.

Yes. No. I can read but not write.

\_\_\_\_\_ Nationality: \_\_\_\_\_ Column 8 should be construed to mean the country of which member is a citizen or subject.

*Country* = *land* = *a people* = The entry in column 9 should show the race or people as given in the original on the side of the main subject.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard.

For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "French" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUHAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"Indians" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN

"American" refers to the people of Central and South America of Spanish

11-1115

"Mfirani-ibakki" refers to the African Negro, whether male, female or other, and is the West Indies, North or South American Negro or African. Any other name appearance indicates an admixture of Negro blood should be classified under the heading.

The people who are native to the land of the Veneto are called the Venetians, or *Veneziani*, and, particularly of the city of Venice, the *Veniziani*. A Venetian is called a *Veneziano*, and a Venetian woman, whether residing in Italy or elsewhere, a *Veneziana*. As in other countries, in this country as well, the word *Italian* is used to designate the people of the whole country, and the word *Veneziano* is used to designate the people of the province of Venice.

The people of an extensive coastal portion of the south of the lower of the River Plate, comprising the Argentine provinces of Mar del Plata, Bahía de Buenos Aires, Montevideo, Maldonado, Punta del Este, Punta Arenas, Chubut, Santa Cruz, and San Juan, and the adjacent islands should be included (O'Leary, 1992).

*Outcome 1: A new, sustained, positive* The entire curriculum is built around, *starting and ending with*... last permanent residence. It is important for several purposes that students understand and identify their concept of last permanent residence, independent of that concept's legal definition.

Also, who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests and into the United States for country of last permanent residence.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, E. Volckardoff <sup>Master</sup> of the BRANDENBURG from Bremen, do solemnly, sincerely, and truly ~~swear~~ that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

*Swear to before me this*      *day of*

*et al.*

*Immigration Officer*

\* State whether Master; First or Second Officer.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

*Column 1:* Give the country code in column 3. It should be expressed in years or, preferably, the type of application only (i.e. short-term, long-term).

*Column 2:* None. The entry in column 1 should be either M (male) or F (female).

*Column 3:* Increased or stable. The entry in column 5 should be either M (male), F (female), S (single), W (widow), or D (divorced).

*Column 4:* None. The entry in column 3 should be the place of origin, as far as possible, in the country of birth. If the person has changed his or her place of origin, state the country of origin, the country of residence, the date of migration, and indicate how the individual was brought in (e.g. but not simply as a student, a laborer, a migrant, a refugee, a political refugee, a displaced person, etc.).

*Column 5:* A distinction should be made between *turnover* and *turn in* business, regardless of the nature of the case, shown as follows:

*A turnover* is one who operates a firm, either for himself or others.

*A turn in* business is one who works in a firm for the firm who operates it.

Shareholders, company owners, and directors, listed first on the turnover and company lists, should be listed as *turnovers*. In subsequent entries, they should be listed as the *turn in* of the company or of all partners.

Always indicating *turnover* through and out of the United States should be recorded under *turn in* of companies in "turn in." Those operating only *turn in* temporary "turn in" in the United States but not intending to pass through a *turn in*, should be classified as *turn in* only, and not as *turn in* and *turn out*.

*Column 6:* Add *turn out* and *turn in*. Column 7 is subdivided and the entry *turn in* should be either Yes/Yes/No or read *turn in*. Yes/No (whether read *turn in* or *turn out*). Yes/No (read *turn in* and *turn out*).

Column 8 should be construed to mean the country of which manifest is a citizen or subject.

*Country*—*Place of people*. The entry in column 8 should show the race or people to which the manifest belongs, as often as manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on manifest does not necessarily mean "French" by race, but "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German or Mexican by race might properly come under the heading of "United Kingdom or any other country by nationality." In this connection the following distinctions should be specially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes)

SPANISH-AMERICAN

"Spanish-American" refers to the people of Central and South America of Spanish descent.

\*"African blood" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any other word appertaining indicates an admixture of Negro blood should be classified under this heading.

1146 JENKINS AND NICHOLS

The people who are native to the open state of the P. in particular Italy (the compartments of Piedmont, Lombardy, Veneto, and Lancia) and tend to be found in the Alps, as well as residing in Italy, Switzerland, Austria, Hungary, and some other countries, and are also known as "Italian people." Most of these people, particularly, belong to the Italian language.

## Affidavit of the Master or Commanding Officer, or First or Second Officer

I, G. Hottelsoedoff, of the BRANDENBURG, from Moscow, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

*Column 1.* Sex. The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

*Column 2.* Sex. The entry in column 4 should be either M (male) or F (female).

*Column 3.* Marital or civil status. The entry in column 5 should be either M (married) or W (widowed), or D (divorced).

A discussion should be made between *between* and *from* columns. After listing the amount of material shown, as follows:

[illegible]

Moreover, persons who pass through and out of the United States should be recorded under bond of occupation and in transit. "Passengers" who perform a temporary stopover in the United States but not intending to pass through are treated should be classified as "temporary bond of occupation."

Example: *John, two and one* (Column 7 is undivided and the entries therein should be either Yes, Yes can read and write, No, No can neither read nor write, or Yes, No can read and not write).

Example: *John, (Network) 1* (Column 8 should be construed to mean the country of which immigrant was citizen or subject).

*Citation: "Alien or people."* The entry in column 9 should show the race or people as given in last office case side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifestoes should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifesto does not necessarily mean "French" by race or people and similarity, "French" appearing on a manifesto does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN. 3

\*West Indian\* refers to the people of the West Indies other than Cuba (not Negroes).

WEST THRUOUT TOWNS TO THE PEOPLE OF THE STATE THROUGH THE

"Spanish-American" refers to the people of Central and South America of Spanish descent.

"African black" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

The people who are native to the lands of the River Po, in northern Italy (i.e., communities of Piedmont, Lombardy, Veneto and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary or in any other country, should be classed as "Italian" birth. Most of these people speak dialects distinct from the Italian language.

The people whose native territory is in the south of Italy (south of the basin of the River Po), i.e. the people of Lucania, Calabria, Basilicata, Campania, Puglia, Basilicata, Calabria, Sicily and Sardinia, and their descendents, should be classed as "Italians" south.

*Column 1: Last permanent residence.* The respondent should show the country and city or town of last permanent residence. It is important for statistical purposes that short-term expatriates or nomads show country of last permanent residence independent of country of temporary residence, nationality, or race.

Column 11 (Final destination). The entry in column 11 should show definitely the place (city or town) of final destination.

place (city or town) of final destination.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (tickets) or No (no ticket).

Column 1: (By whom was passage paid). - The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friends; steamship company, etc.

**Affidavit of Surgeon.**

I, Dr. Lednago, Surgeon of the S. S. Bandenberg, residing here, do solemnly, sincerely, and truly swear that I have had eight years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of the Government of Germany, & of the State of Nassau, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

\* Instead of having occupation of tourists and aliens in transit, state in column 6 whether they are "tourists" or "in transit".  
\* "Race of people" is to be determined by the stock from which alone persons and the language they speak. List of race will be found on back of this sheet.

## Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, G. Melander-H Master of the BRANDENBURG from Prussia do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation I believe that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a contagious or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime, or is a disseminator involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true, in every respect.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

N. Colburn v. *et al.*—The petition for a writ of habeas corpus would be granted if, during the term of the writ, the father, mother or guardian of the child is unable to produce the child.

*Column 1* Sex. The first column is coded by either M (male) or F (female).  
*Column 2* Relationship. The second column is coded by either M (married)  
 or S (single). We observed no D (divorced).

*Calceolaria* is a genus of plants in the family Calceolariaceae. It is native to the Andes of South America, where it grows in the high mountains. The plants are characterized by their thick, fleshy leaves and their small, tubular flowers. They are often found growing in rocky crevices or on the edges of snowfields. The genus is named in honor of the Spanish explorer and naturalist, Juan de la Cruz Calceolaria.

A direct relationship exists between *formal* and *informal* labor, regardless of the amount of time each is involved.

Standing crop, size, and fecundity of the population in the 1960s and 1970s should be monitored, as well as the effects of the 1970s fishery on the natural recruitment of the stock.

Also, expenditures that pass through and out of the Federal State should be recorded under the "Federal" category, as "income" or "expense" from a territory shown in the "Federal" category, but not entering the pass-through of the State should be shown as "other" is used as a category of operation.

④ *Example 4* *Read and write*: *Read* means 'speak loud and be understood', then it should be read as 'Reed'. *Write* means 'put down on paper', then it should be written as 'Wraite'. *Yes* means 'read and write', *No* means 'can neither read nor write', or *No* = 'X' or 'No' but not 'write'.

as *Colonia Hispanica*. The entry in column 9 should show the race or people as given in *Form. 1*, and such of them as manifest

Special attention must be paid to the distinction between race and nationality, and manifest should be carefully revised by inspectors and registers clerks in this regard. For instance, "French" applied to a manifest does not necessarily mean "French" by race or people, and finally, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CHUAN

"man" refers to the Cuban people (not Negroes).

WEST INDIAN.

refers to the people of the West Indies other than Cuba (not Negroes?).

SPANISH-AMERICAN.

"*león*" refers to the people of Central and South America of Spanish

### Affidavit of Surgeon.

1. *Dr. Sedlmayr*, Surgeon of the *18. Brandenburg* : sailing therewith, do solemnly, sincerely, and truly swear that I have had *sight* years' experience as a Physician and Surgeon, and that I am entitled to practice its such by and under the authority of *the Government of Germany & of the States of Hess. &c.*, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

\* Instead of showing occupation of tourists and aliens in transit, state in column 6 whether they are "tourists" or "in transit".  
† "Race or People" is to be determined by the stock from which aliens sprang and the language they speak. List of races will be found on back of this sheet.

## Affidavit of the Master or Commanding Officer, or First or Second Officer

I, E. H. Hoffer, doff Master of the BRANDENBURG, from Franka, do solemnly, sincerely, and truly ~~swear~~ that I have caused the surgeon of said vessel sailing therein, or the surgeon employed by the officers thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime, or misdemeanor involving moral turpitude, or a polygamist, or an anarchoist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

*Column 11 (Age).*—The return of age in column 11 should be expressed in years or months, the latter applying only to those under 1 year of age.

*Column 1* = sex. The entry in column 1 should be either M (male) or F (female).  
*Column 2* = *Married or single*. The entry in column 2 should be either M (married),  
 S (single), W (widowed), or D (divorced).

**Choosing a Unit of Measurement.** The entries in column 6 should describe as accurately as possible the occupation, trade, or profession of each child as well as, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, roofer, miller, wood turner, or (and) not simply as engineer, polisher, miller, turner, or other generic designations.

A distinction should be made between *business* and *non-business* regardless of the amount of money shown, as follows:

Stamp duty companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of the arrival.

Persons intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, not intending to pass through or transit, should be classed as "transient," under head of occupation.

Column 1 is subdivided and the entries therein should be either Yes, Yes can read and write, No, No can neither read nor write, or Yes-No can read but not write.

*Column 1 = Nationality* = Column 8 should be construed to mean the country of which immigrant is a citizen or subject

*Column 3 - last four people.* The entry in column 3 should show the race or people as given in last on reverse side of alien manifest.

Special attention must be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or peoplehood and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

“Spanish-American” refers to the people of Central and South America of Spanish descent.

\* Instead of showing occupation of tourists and aliens in transit, state in column 6 whether they are "tourists" or "in transit".  
† Race or People is to be determined by the stock from which aliens spring and the language they speak. List of races will be found on back of this sheet.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

**Column 1 (Age).**—The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 2 (Sex).**—The entries in column 2 should be either M (male) or F (female).

**Column 3 (Married or single).**—The entry in column 3 should be either Married, Single, Wid, widowed, or Divorced.

**Column 4 (Occupation or profession).**—The entry in column 4 should describe as accurately as possible the occupation, trade, or profession. For example, arrived, actor, sample, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply, engineer, polisher, molder, etc. A distinction should be made between *farmers* and *laborers*, regardless of the amount of money shown as follows:

**A farmer** is one who operates a farm, either for himself or others.

**A farm laborer** is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "transit" under head of occupation.

**Column 5 (Date of birth and age).**—Column 5 is subdivided and the entries therein should be either Yes, Yes (can read and write), No, No (can neither read nor write), or Yes, No (can read but not write).

**Column 6 (Nationality).**—Column 6 should be construed to mean the country of which manifestant is citizen or subject.

**Column 7 (Race or people).**—The entry in column 7 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

**CUBAN.**  
The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**  
"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

**SPANISH-AMERICAN.**  
"Spanish-American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**  
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classed under this heading.

**ITALIAN (NORTH).**  
The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi, and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardegnia) and their descendants should be classed as "Italian (south)."

**ITALIAN (SOUTH).**  
The people who are native to that portion of Italy north of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi, and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardegnia) and their descendants should be classed as "Italian (south)."

**Column 8 (Last permanent residence).**—The entry in column 8 should show the country, and city or town, of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 9 (Final destination).**—The entry in column 9 should show definite place (city or town) of final destination.

**Column 10 (Whether having a ticket to such final destination).**—The entry in column 10 should be either Yes (ticket) or No (no ticket).

**Column 11 (By whom was passage paid).**—The entry in column 11 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

**Column 12 (Whether in possession of \$50, and if less, how much).**—The entry in column 12 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

**Column 13 (Whether ever before in the United States; and if so, when and where).**—The entries in column 13 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-95, Philadelphia.

**Column 14 (Giving to you relative or friend; and if so, what relative or friend).**—The entry in column 14 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Column 15 to 22.**—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

**Affidavit of the Master or Commanding Officer, or First or Second Officer.**

I, G. B. Bolderdorff Master of the BRANDENBURG from Prussia, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifests Shetels, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime, or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

**Column 14.** The return of income column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

*Column 1, Sex* . The entry in column 1 should be either M (male) or F (female).  
*Column 2, Married or single* . The entry in column 2 should be either M (married),  
 S (single), W (widowed), or D (divorced).

*Category: still in concept* = The entry in column 6 should describe as precisely as possible the occupation, trade, or profession and educational aster example: Civil engineer, statutory engineer, electrical engineer, and engineer, or: publisher, steel politician, carpenter, wood turner, etc. and not simply: engineer, publisher, mason, turner, or other too limited descriptions.

A distinction should be made between *furnaces* and *thermal plants*, regardless of the amount of process steam and flows.

A *thermal plant* is a whole that uses a furnace, either for itself or others.

Stairship companies should make this distinction on the manifest, and corrections should be made, if necessary, by inspectors and agents, clerks during the postarrival visit.

those attending "pass through and out of the United States should be recorded under head of occupation as "in transit" those coming only for a temporary sojourn in

the United States, but not intending to pass through in transit, should be classed as "transit" and "hand of occupation."

Class. (22) *Legend and notes.* Column 1 is subdivided and the entries therein

should be either Yes, Yes can read and write, No, No can neither read nor write, or Yes, No, can read but not write.

*Notes.*—(1) *Place of people.*—The entry in column 2 should show the race or people as given in the reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by manner of speech and should be replaced by "American" since a manifest does not necessarily

mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In the connection the following distinctions should be specially observed:

CUBAN.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

"Spanish-American" refers to the people of Central and South America of Spanish descent.

ALL RIGHTS RESERVED

"African" black " refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

$$F_1^{\text{red}}(x) = F_1(x) - N_1(x) \quad N_1(x) = 150$$

The people who are native to the area of the Po River in northern Italy (i.e., compartments of the Italian community) were called *lincolni* and the *lincolnesi*, whether residing in Italy, Switzerland, Austria-Hungary, or any other country. *Lincolni* is classed as "Italian" in the *Meo* text; the people speak a dialect of the Italian language.

<sup>1</sup> The people who are interested in this portion of Brazil are mostly bankers of the Rio de Janeiro compartment of Latin America, the Marquis of Santos, Rio de Janeiro, Minas, and Molise Companies, Brazilian Gasolina Company, S.A., and various and more distant auto-should-be-blessed. (Italian, source.)

*Category 2: Independent and Inconclusive.* The parties in column 2 should state the country and city in terms of last permanent residence. It is important for statistical purposes that citizenship and place of birth separately show country of last permanent residence independent of country of temporary residence, nationality, or race.

**Column 13. Final destination.** The entry in column 13 should show definitely the place, city or town of final destination.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

*Column 13 (By whom was passage paid).* The entry in column 13 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

*Column 14 (Whether in possession of \$500 and if less, how much).* The entry in

Money brought by the head of a family should not be divided among the several members of the family.

The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as: 1894-95, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friends).--The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and address, as: Father, Boston.

Columns 1: to 22.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

I, Dr. Sedlmayr, Surgeon of the S<sup>t</sup>. Brandenburg, residing in the south, do solemnly, sincerely, and truly swear that I have had eight years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of the Government of Germany, & of the State of Prussia, & that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

\* Instead of showing occupation of tourists and aliens in transit, state in column 5 whether they are "tourists" or "in transit."  
"Race or People" is to be determined by the stock from which aliens sprang and the language they speak. List of races will be found on back of this sheet.

I, E. H. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age).—The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex).—The entry in column 2 should be either M. (male) or F. (female).  
Column 3 (Married or single).—The entry in column 3 should be either M. (married), Single, Widowed, or D. (divorced).

Column 4 (Calling or occupation).—The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, gun molder, wheel mender, etc. and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of each alien.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit"; those coming only to a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "transients" under head of occupation.

Column 5 (Able to read and write).—Column 5 is subdivided and the entries therein should be either Yes, Yes (can read and write), No, No (can neither read nor write), or Yes, No (can read but not write).

Column 6 (Country of birth).—Column 8 should be construed to mean the country of which an alien is a citizen or subject.

Column 7 (Race or people).—The entry in column 7 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people; similarly, "French" appearing on a manifest does not necessarily mean "French" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classed under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po, or northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Pavesina) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)". Most of these people speak a dialect distinct from the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, (i. e., compartments of Liguria, Tuscany, the Marche, Umbria, Rome, the Venetia, and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardeina) and their descendants should be classed as "Italian (south)".

Column 9 (Last permanent residence).—The entries in column 9 should show the country, and city or town, of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens whose permanent residence is in the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place, city or town, of final destination.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of \$5; and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States, and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1890-92, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join other a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 20.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

**Column 1 (Age).** The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 2 (Sex).** The entry in column 2 should be either M (male) or F (female).

**Column 3 (Married or single).** The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

**Column 4 (Calling or occupation).** The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien at arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, cross-bedder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for hire or as an employee.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "passenger" under head of occupation.

**Column 5 (Able to read and write).** Column 5 is subdivided and the entries therein should be "Yes" (Yes, can read and write), "No" (No, can neither read nor write), or "Yes" (Yes, can read but not write).

**Column 6 (Nationality).** Column 6 should be construed to mean the country of which an alien is a citizen or subject.

**Column 7 (Race or people).** The entry in column 7 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people and similarly, "German" appearing on a manifest does not necessarily mean "German" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classed under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po, in northern Italy, or to some portions of Piedmont, Lombardy, Venetia, and Emilia, and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a dialect made from the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, or to some portions of Liguria, Sicily, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily and Sardinia, and their descendants should be classed as "Italian (south)." Most of these people speak a dialect made from the Italian language.

**Column 8 (Last permanent residence).** The entries in column 8 should show the country, and city or town, of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 9 (Final destination).** The entry in column 9 should show definitely the place (city or town) of final destination.

**Column 10 (Whether having a ticket to such final destination).** The entry in column 10 should be either Yes (ticket) or No (no ticket).

**Column 11 (By whom money paid).** The entry in column 11 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

**Column 12 (Whether in possession of \$20, and if less, how much).** The entry in column 12 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

**Column 13 (Whether ever before in the United States, and if so, when and where).** The entries in column 13 should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-97, Philadelphia.

**Column 14 (Giving to join relatives or friend, and if so, what relative or friend).** The entry in column 14 should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

**Column 15 to 22.** The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Instead of showing occupation of tourists and aliens in transit, state in column 6 whether they are "artists" or "in transit".  
"Race or People" is to be determined by the stock from which aliens descend and the language they speak. List of races will be found on back of this sheet.

SALOON, CABIN, AND STEERAGE ALIENS MUST BE COMPLETELY MANIFESTED.  
THIS SHEET IS FOR STEERAGE PASSENGERS.

\* Instead of showing occupation of tourists and aliens in transit, state in column 6 whether they are "tourists" or "in transit."  
† "Race or People" is to be determined by the stock from which aliens sprang and the language they speak. List of races will be found on back of this sheet.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, H. Herdendorf of the BRANDENBURG, from Bremen, do solemnly swear, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or a crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

*Column 1: Age.*—The return of age in column 2 should be expressed in years or months, the latter applying only to those under 1 year of age.

*Column 3: Sex.*—The entry in column 3 should be either M (males) or F (female).

*Column 4: Married or single.*—The entry in column 4 should be either M (married), W (widowed), or D (divorced).

*Column 5: ailing or occupation* The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each when arrival, as for example: oil engineer, stationary engineer, locomotive engineer, inland engineer, brass polisher, oil polisher, or a miller, wood turner, etc., and not simply as engineer, polisher, miller, etc., or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.  
A *farm laborer* is one who works on a farm for the man who operates it.  
Students, teachers and consumers should make this distinction on the manifests, and corrections

could be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded as "in transit," those coming only for a temporary sojourn in the United States but not intending to pass through in transit, should be classed as

United States, but not intending to pass through in transit, should be  
arrested under head of occupation.

Yes. No. can neither read nor write, or  
No. can read but not write.

*Column 8 - (Nationality).* Column 8 should be construed to mean the country of which management is a citizen or subject.

Special attention should be paid to the distinction between race and nationality, and

manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race, color, or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by race, color, or Hebrew by race.

ought properly come under the heading of United Kingdom or any other country but the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent. 11-1115

cent.

**Affidavit of Surgeon.**

1. *H. Leitmayer*, Surgeon of the *55. Regiment*: *swearing the oath* do solemnly, sincerely, and truly *swear* that I have had *eight* years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of the *Government of Germany & of the States of Württemberg*, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

**Column 2 (Sex).**—The entry in column 2 should be either M (male) or F (female).  
**Column 3 (Married or single).**—The entry in column 3 should be either M (married), W (widowed), or D (divorced).  
**Column 4 (Calling or occupation).**—The entry in column 4 should describe, as nearly as possible, the occupation, trade, or profession of each alien arrival, as for example: Stationary engineer, locomotive engineer, mining engineer, brass polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, moulder, etc. In filling this column, distinction should be made between *farmers* and *farm laborers*, regardless of the other shown, as follows:  
*Farmer* is one who operates a farm, either for himself or others.  
*Farm laborer* is one who works on a farm for the man who operates it.  
Distinctions should make this distinction on the manifests, and corrections should be necessary, by inspectors and registry clerks during the personal examination.  
**Column 5 (Country of birth or last permanent residence).**—The entry in column 5 should be recorded as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "in transit."  
**Column 6 (Date of arrival).**—Column 6 is subdivided and the entries therein are: Yes—Yes (can read and write); No—No (can neither read nor write), or read but not write.  
**Column 7 (Nationality).**—Column 7 should be construed to mean the country of birth of the alien or subject.  
**Column 8 (Race or people).**—The entry in column 8 should show the race or people on reverse side of alien manifest.  
Distinctions should be paid to the distinction between race and nationality, and should be carefully revised by inspectors and registry clerks in this regard.  
"French" appearing on a manifest does not necessarily mean "French," by and similarly, "English" appearing on a manifest does not necessarily mean "English." An alien who is Irish, German, or Hebrew by race comes under the heading of United Kingdom or any other country by this connection the following distinctions should be specially observed:

### CUBAN.

"Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

### SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish birth.

11-1115

### GERMAN (NORTH).

"German (North)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classed under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i.e., compartments of Piedmont, Lombardy, Veneto, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (North)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i.e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (South)." *Column 10 (Last permanent residence).*—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

*Column 11 (Final destination).*—The entry in column 11 should show definitely the place (city or town) of final destination.

*Column 12 (Whether having a ticket to reach final destination).*—The entry in column 12 should be either Yes (ticket) or No (no ticket).

*Column 13 (By whom was passage paid).*—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

*Column 14 (Whether in possession of \$20, and if less, how much).*—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

*Column 15 (Whether ever before in the United States, and if so, when and where).*—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-97, Philadelphia.

EXTRACT FROM DEPARTMENT OF COMMERCE AND LABOR CIRCULAR NO. 43.

SPECIAL INSTRUCTIONS FOR FILING ALIEN MANIFESTS

The information returned on the manifest (Forms 500, 500 A, and 500 B), so far as it relates to alien arrivals including those in transit and tourists, should be made in accordance with the following classifications. The number of the column on the manifest is given in these special instructions and is followed, in all cases, by the heading of the manifest column, by a descriptive title indicating briefly the subject to which it relates.

Column 1 (Age).—The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.  
Column 2 (Sex).—The entry in column 2 should be either M (male) or F (female).  
Column 3 (Married or single).—The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).  
Column 4 (Occupation or profession).—The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrived, as for example, coal miner, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money given, as follows:  
A *farmer* is one who operates a farm, either for himself or others.  
A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make the distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 5 (Able to read and write).—Column 5 is subdivided and the entries therein should be either Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 6 (Nationality).—Column 6 should be construed to mean the country of which the immigrant is a citizen or subject.

Column 7 (Race or people).—The entry in column 7 should show the race or people as given in the reverse side of alien manifest.  
Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, similarly, "French" appearing on a manifest does not necessarily mean "French" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, Marche, Umbria, Latium, Abruzzo, Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last residence).—The entry in column 10 should show the country, and city or town of last permanent residence, instead of the temporary city or town.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of \$20, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.  
Column 15 (Whether ever before in the United States, and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year or period of years; and place, as, 1894-97, Philadelphia.  
Column 16 (Going to join relative or friend, and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 22.—The answers in these columns are subject to revision by any inspection officer in the examination of immigrants.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 2 (Age).—The return of age in column 2 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 3 (Sex).—The entry in column 3 should be either M (male) or F (female).

Column 4 (Married or single).—The entry in column 4 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 5 (Calling or occupation).—The entry in column 5 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wool turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from the islands of the West Indies, North or South America, Europe, or Africa. If such person's appearance indicates an admixture of Negro blood should be classed under the heading.

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important that the purpose that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are required to visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show the place (city or town) of final destination.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon

investigation, I believe that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public  
charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a  
felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age).—The return of age in column 1 should be expressed in years or  
months, the latter applying only to those under 1 year of age.  
Column 2 (Sex).—The entry in column 2 should be either M (male), or F (female).  
Column 3 (Married or single).—The entry in column 3 should be either M (married),  
S (single), W (widowed), or D (divorced).  
Column 4 (Profession or occupation).—The entry in column 4 should describe as accu-  
rately as possible the occupation, trade, or profession of each alien arrival, as for example:  
Civil engineer, steamy engineer, locomotive engineer, mining engineer, brass polisher,  
steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder,  
turner, or other indefinite designations.  
A distinction should be made between farmers and farm laborers, regardless of the  
amount of money given, as follows:  
A farmer is one who operates a farm, either for himself or others.  
A farm laborer is one who works on a farm for the man who operates it.  
Steamship companies should make this distinction on the manifests, and corrections  
should be made, if necessary, by inspectors and registry clerks during the personal exam-  
ination of alien arrivals.  
Aliens intending to pass through and out of the United States should be recorded  
under head of occupation as "in transit"; those coming only for a temporary sojourn in  
the United States, but intending to pass through, should be classed as  
"tourists" under head of occupation.  
Column 7 (Able to read and write).—Column 7 is a question which should be answered  
Yes—No (can read but not write). No—No (can read and write). No—No (can read and write).  
Column 8 (Nationality).—Column 8 should be filled with the nationality of the alien, as  
which immigrant is a citizen of the United States, or of some other country, or of no  
country.  
Column 9 (Place of birth).—The entry in column 9 should be the place of birth of the alien, as  
given in his or her passport, or in the manifest, or in the records of the immigration  
department. Special attention should be given to the distinction between the  
manifests should be carefully read by inspectors and registry clerks during the personal exam-  
ination of alien arrivals. For instance, "France" appears on a manifest as "France" by  
name, "France" by nationality. An alien who is born in France, but who has become a  
citizen of the United States, should be recorded as "American" by nationality. In this connection  
the following definitions should be observed:

CUBAN.—The term "Cuban" refers to the natives of Cuba, whether coming from Cuba or other  
islands of the West Indies, North or South America, Europe, or Africa. Any alien whose  
appearance indicates an admixture of Negro blood should be classified under this  
heading.  
ITALIAN (NORTH).—The people who are native to that portion of Italy south of the River Po (i. e., com-  
partments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether

as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descend-  
ants should be classed as "Italian (south)."  
Column 10 (Last permanent residence).—The entries in column 10 should show the  
country, and city or town of last permanent residence. It is important for statistical  
purposes that steamship companies accurately show country of last permanent residence  
independent of country of temporary residence, nationality, or race.  
Aliens who are permanent residents of the United States and are returning from a  
visit abroad, should be recorded on manifests as United States for country of last perma-  
nent residence.

nitely by whom passage was paid, as self; husband, father, brother, or other relative;  
friend; steamship company, etc.

column 14 should give in each case (individual or family) the exact amount of money  
shown.

members of the family.

heading.

as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, A. O. O. Master, of the S. S. Tenyson, from Santos, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, Seven in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this 11 day of May, 1907.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

**Column 1 (Age).** The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

**Column 2 (Sex).** The entry in column 2 should be either M (male) or F (female).

**Column 3 (Marital condition).** The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

**Column 4 (Calling or occupation).** The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit"; those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 5 (Add to read and write).** Column 5 is subdivided and the entries therein should be either Yes (Yes can read and write), No (No can neither read nor write), or Yes (No can read but not write).

**Column 6 (Native country).** Column 6 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 7 (Race or people).** The entry in column 7 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

**CUBAN.**  
The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**  
"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

**SPANISH-AMERICAN.**  
"Spanish-American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**  
"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, or from South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

**ITALIAN (NORTH).**  
The people who are native to that portion of Italy south of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)".

**ITALIAN (SOUTH).**  
The people who are native to that portion of Italy north of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)".

**Column 10 (Last permanent residence).** The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence, independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 11 (Final destination).** The entry in column 11 should show definitely the place (city or town) of final destination.

**Column 12 (Whether bringing ticket to final destination).** The entry in column 12 should be either Yes (ticket) or No (no ticket).

**Column 13 (By whom passage paid).** The entry in column 13 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

**Column 14 (Whether in possession of \$50, and if less, how much).** The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

**Column 15 (Whether ever before in the United States; and if so, when and where).** The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

**Column 16 (Giving to join relative or friend; and if so, what relative or friend).** The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

**Column 17 to 20.** The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

I, Edmundo B. Smith, Surgeon of the Sampson & Holt Line of Steamers, do solemnly, sincerely, and truly declare that I have had eleven years' experience as a Physician Surgeon, and that I am entitled to practice as such by and under the authority of Argentine Government, and that I have made a personal examination of Seven of the aliens named herein, and that the foregoing Lists or Manifest Sheets, Seven in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of each alien.

X Rejected by the Doctor

Instead of showing occupation of tourists and aliens in transit, state in column 10 whether they are "tourists" or "in transit". "Race or People" is to be determined by the stock from which alien is and the language they speak. List of races will be found on back of this sheet.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, W. H. Hester, Master of the S. S. Tennyson from Santos, do solemnly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Manifest Sheets, seven in number, and that from the report of said surgeon and from my own belief that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or contract, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

**Column 1 (Age).**—The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.  
**Column 2 (Sex).**—The entry in column 2 should be either M (male) or F (female).  
**Column 3 (Marital or single).**—The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

**Column 4 (Calling or occupation).**—The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.  
A distinction should be made between *farmer* and *farm laborer*, regardless of the amount of money shown, as follows:  
*A farmer* is one who operates a farm, either for himself or others.  
*A farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.  
Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit"; those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

**Column 5 (Able to read and write).** Column 5 is subdivided and the entries therein should be either Yes, Yes (can read and write), No, No (can neither read nor write), or Yes, No (can read but not write).  
**Column 6 (Country of birth).** Column 6 should be construed to mean the country of which immigrant is a citizen or subject.

**Column 7 (Race or people).** The entry in column 7 should show the race or people as given in list on reverse side of alien manifest.  
Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people; similarly, "English" appearing on a manifest does not necessarily mean "English" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to that portion of Italy south of the River Po (i. e., compartments of Piedmont, Lombardy, Venetia and Brescia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 8 (Last permanent residence).** The entries in column 8 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

**Column 9 (Final destination).** The entry in column 9 should show definitely the place (city or town) of final destination.

**Column 10 (Whether having a ticket to reach final destination).** The entry in column 10 should be either Yes (ticket) or No (no ticket).

**Column 11 (By whom was passage paid).** The entry in column 11 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

**Column 12 (Whether in possession of \$20, and if less, how much).** The entry in column 12 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

**Column 13 (Whether ever before in the United States; and if so, when and where).** The entries in column 13 should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place; as, 1894-95, Philadelphia.

**Column 14 (Going to join relative or friend; and if so, what relative or friend).** The entry in column 14 should show whether going to join other relative or friend; and if so, what relative or friend, with name and complete address.

**Columns 15 to 22.** The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, Phil Master, of the S. S. Timmyson, from Santos, do  
 solemnly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon  
 owners thereof, to make a physical and oral examination of each and all of the aliens named in the  
 Manifest Sheets, seven in number, and that from the report of said surgeon and from my own  
 observation that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public  
 charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a  
 crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or  
 contract, to perform labor in the United States, or a prostitute, and that also, according to the best  
 and belief, the information in said Lists or Manifests concerning each of said aliens named therein is  
 in every respect.

Phil Master  
 Master.

Sworn to before me this 20 day of May, 1907.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

**Column 1 (Age).**—The person's age in column 1 should be expressed in years or months, the latter only applying to those under 1 year of age.  
**Column 2 (Sex).**—The entry in column 2 should be either M (male) or F (female).  
**Column 3 (Marital Status).**—The entry in column 3 should be either M (married), single, W (widow), or D (divorced).  
**Column 4 (Occupation).**—The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as for example, mill engineer, stationery engineer, locomotive engineer, mining engineer, brass polisher, oil polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, moulder, or other indefinite designations.  
**Column 5 (Distinction between farmers and farm laborers).**—Regardless of the amount of money shown, as follows:  
 A *farmer* is one who operates a farm, either for himself or others.  
 A *farm laborer* is one who works on a farm for the man who operates it.  
 Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.  
**Column 6 (Alien entering to pass through and out of the United States).**—Those coming to the United States, but not intending to pass through in transit, should be classed as "tourists," under head of occupation.  
**Column 7 (Alien to read and write).**—Column 7 is subdivided and the entries therein should be either Yes, Yes (can read and write), No, No (can neither read nor write), or No (can read but not write).  
**Column 8 (Nationality).**—Column 8 should be construed to mean the country of birth of each immigrant (alien or subject).  
**Column 9 (Race or people).**—The entry in column 9 should show the race or people given in list on reverse side of alien manifest.  
 Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard, for instance, "French" appearing on a manifest does not necessarily mean "French" by race or people; similarly, "French" appearing on a manifest does not necessarily mean "French" by nationality. An alien who is Irish, German, or Hebrew by race but who properly came under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be especially observed:

**CUBAN.**  
 The term "Cuban" refers to the Cuban people (not Negroes).  
**WEST INDIAN.**  
 "West Indian" refers to the people of the West Indies other than Cuba (not Negroes).  
**SPANISH-AMERICAN.**  
 "Spanish-American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**  
 "African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classed under this heading.

**ITALIAN (NORTH).**  
 The people who are native to the basin of the River Po in northern Italy (i.e., some parts of Lombardy, Veneto, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**  
 The people who are native to that portion of Italy south of the basin of the River Po (i.e., some parts of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

**Column 10 (Last permanent residence).**—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded under the United States for country of last permanent residence.

**Column 11 (Final destination).**—Column 11 should show definitely the place (city or town) of final destination.

**Column 12 (Whether husband or wife).**—The entry in column 12 should be either Yes (husband) or No (wife).

**Column 13 (By whom accompanied).**—The entry in column 13 should show definitely by whom passage was accompanied, either, brother, or other relative, friend, steamship company, or other.

**Column 14 (Whether money shown).**—The entry in column 14 should give in full the exact amount of money shown.

Money brought by the alien should not be divided among the several members of the family.

**Column 15 (Whether in United States before).**—The entries in column 15 should be either Yes or No in the United States before; and if so, the year.

**Column 16 (Going to United States for).**—The entry in column 16 should show, if either a relative or friend, and if address.

**Column 17 to 22.**—Columns 17 to 22 are subject to revision by any inspection officer in the United States.

## Affidavit of the Master or Commanding Officer, or First or Second Officer.

rely, and truly swear that I have caused the Surgeon of said vessel sailing therewith, or the surgeon or owners thereof, to make a physical and oral examination of each and all of the aliens named in the or Manifest Sheets, <sup>ONE</sup> in number, and that from the report of said surgeon and from my own belief that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or contract, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information on said lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

EXTRACT FROM DEPARTMENT OF COMMERCE AND LABOR CIRCULAR No. 43

## GENERAL INSTRUCTIONS FOR FILLING ALUM MANUSCRIPTS

The information returned on the manifest (Form No. 5, Rev. 4-1-61), so far as it relates to such articles including those in transit and those already in the United States, should be classified in accordance with the following classification. The procedure for the marking of the manifest is given in these special instructions and is followed in part by the instructions appearing in column 16, by a descriptive title indicating briefly the subject to which it relates.

[illegible]

*Occupation (Calling or occupation).* The entry in column 4 should describe as fully as possible the occupation, trade, or profession of an individual, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel engineer, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, etc. Specific designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of income shown, as follows:

A *farmer* is one who operates a farm, either for himself or for others.  
A *farm laborer* is one who works on a farm for the man who operates it.  
Stewardship companies should make this distinction in the manifests and corrections should be made, if necessary, by inspectors and registry clerks during the personal inspection of alien arrivals.

(*Johnson* = *A* = *to read and write*).—(Column 7 is subheadings and the entries therein may be either Yes = Yes (can read and write), No = No (can neither read nor write) or Yes = Yes (can read) and not write).

*Column 2 (Nationality).*—(Column 1 should be construed to mean the country of which immigrant is a citizen or subject.)

*(Column 8 (Race or people).—*The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" and "French" appearing on a manifest does not necessarily mean "France".

race or people, and similarly, "French" appearing on a name should not mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country. The following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).  
WEST INDIAN.

\*"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

The model is estimated using the generalized Likelihood (GLS) and Two-Step (TS) procedures. The GLS procedure is more efficient, but it is sensitive to heteroscedasticity, and it is difficult to detect and correct. The TS procedure is less efficient, but it is more robust to heteroscedasticity and the following is used in the paper. The number of observations is 100, and the number of regressors is greater than the number of observations. The model is estimated using the TS procedure, and the results are reported in Table 1. The results show that the model is well specified, and the coefficients are well estimated. The model is well specified, and the coefficients are well estimated. I, W. C. H. Master of the S. J. Pennington from San Antonio, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed as the surgeon thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, one in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1. Age. The return of age in column 1 should be expressed in years or months, the latter extending only to those under 1 year of age.  
Column 2. Sex. The entry in column 2 should be either M. male, or F. female.  
Column 3. Married or single. The entry in column 3 should be either M. married, or S. single.

Column 4. Occupation. The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien, as for example, Chief engineer, steamship engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron mender, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other generic designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money taken as follows:  
A farmer is one who operates a farm, either for himself or others.  
A farm laborer is one who works on a farm for the owner or operator.  
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of the aliens.

Aliens passing to pass through and out of the United States should be recorded under heading of occupation as "in transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "transients" under head of occupation.

Column 5. Able to read and write. Column 5 is subdivided and the entries therein should be either Yes, Yes (can read and write), No, No (can neither read nor write), or Yes, No (can read but not write).

Column 6. Nationality. Column 6 should be construed to mean the country of which immigrants are citizens or subjects.

Column 7. Race or people. The entry in column 7 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest may mean "French" by nationality. An alien who is Irish, German, or Hebrew by race may mean "French" by nationality. An alien who is Irish, German, or Hebrew by race may mean "French" by nationality. An alien who is Irish, German, or Hebrew by race may mean "French" by nationality.

Column 8. Country of birth. The entry in column 8 should be construed to mean the country of which immigrants are citizens or subjects.

Column 9. Date of arrival. The entry in column 9 should be the date of arrival in the United States.

Column 10. Date of departure. The entry in column 10 should be the date of departure from the United States.

Column 11. Final destination. The entry in column 11 should show definitely the place (city or town) of final destination.

Column 12. Whether coming to the United States only for a temporary sojourn, not intending to remain permanently. The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 15. Money brought by the head of a family should not be divided among the several members of the family.

Column 16. Whether ever before in the United States; and if so, when and where. The entry in column 16 should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894, St. Philadelphia.

Column 17. Going to join relative or friend; and if so, what relative or friend. The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 18 to 22. The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

AFRICAN (BLACK).  
"African (black)" refers to the African Negro, whether coming from Cuba or other islanded the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).  
The people who are native to the basin of the River Po, in northern Italy (i.e., Lombardy, Piedmont, Veneto, and Friuli) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary or any other country, should be classed as "Italian (north)." Most of these people speak a dialect of the Italian language.

ITALIAN (SOUTH).  
The people who are native to that portion of Italy south of the River Po (i.e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Venetian and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Master or Commanding Officer

Master of the S. S. Thompson from Santos, do  
swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon  
thereof, to make a physical and mental examination of each and all of the aliens named in the  
Manifest Sheets, Seven in number, and that from the report of said surgeon and from my own  
knowledge that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public  
charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a  
felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or  
agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best  
of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is  
correct and true in every respect.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

(Age).—The return of age in column 3 should be expressed in years or  
after applying only to those under 1 year of age.

(Sex).—The entry in column 4 should be either M (male) or F (female).

(Married or single).—The entry in column 5 should be either "married",  
(widowed), or D (divorced).

(Calling or occupation).—The entry in column 6 should describe as ac-  
cording to the occupation, trade, or profession of each alien arrival, as for example,  
stationary engineer, locomotive engineer, mining engineer, brass polisher,  
iron molder, wood turner, etc., and not simply as engineer, polisher, molder,  
or indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the  
amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections  
should be made, if necessary, by inspectors and registry clerks during the personal exam-  
ination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded  
under head of occupation as "in transit;" those coming only for a temporary sojourn in  
the United States, but not intending to pass through in transit, should be classed as  
"tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein  
should be either Yes—Yes (can read and write), No—No (can neither read nor write), or  
Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of  
which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people  
as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and  
manifests should be carefully revised by inspectors and registry clerks in this regard.  
For instance, "France" appearing on a manifest does not necessarily mean "French" by  
race or people, and similarly, "French" appearing on a manifest does not necessarily  
mean "France" by nationality. An alien who is Irish, German, or Hebrew by race  
under the heading of United Kingdom or any other country by  
the following distinctions:

CUBAN.

Refers to the Cuban people (not Ne-

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other  
islands of the West Indies, North or South America, Europe, or Africa. Any alien whose  
appearance indicates an admixture of Negro blood should be classified under this  
heading.

### ITALIAN (NORTH).

The people who are native to the basin of the  
rivers of Piedmont, Lombardy, Venetia, and  
residing in Italy, Switzerland, Austria-Hungary,  
as "Italian (north)." Most of these people speak

### ITALIAN (SOUTH).

The people who are native to that portion of  
Italy, (i. e., compartments of Liguria, Tuscany, the Ma-  
Molise, Campania, Apulia, Basilicata, Calabria, Sa-  
ants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the  
country, and city or town of last permanent residence. It is important for statistical  
purposes that steamship companies accurately show country of last permanent residence  
independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a  
visit abroad, should be recorded on manifests as United States for country of last perma-  
nent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the  
place (city or town) of final destination.

Column 12 (Whether having a ticket to such final destination).—The entry in column  
12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show defi-  
nitely by whom passage was paid, as self; husband, father, brother, or other relative;  
friend; steamship company, etc.

Column 14 (Whether in possession of \$50, and if less, how much).—The entry in  
column 14 should give in each case (individual or family) the amount of money
